

## What A Woman Said

### THE OTHER DAY

A woman walked into a store on West Washington street a few days ago and asked one of the clerks to see their line of Steel Ranges. The clerk led her along a line of forty different sizes and styles of Steel ranges, some at \$20.00 and from that price up to \$75.00, showing her the durability of their construction. Their many conveniences such as drop oven doors, draw-out Ash Pans, Asbestos lined, etc., etc. She stopped at one and said: "This is the one I want. My neighbor bought one like it, and it is the quickest baker with the least fuel, of any stove I have seen."

It didn't take her over five minutes to buy a range and that range was a Moore's Steel Range. She bought it at

## SPONGES

THE FINEST ANIMALS YOU EVER SAW

What! You don't believe that statement about sponges being animals? It's a fact, however, but harder to explain than the fineness and good quality of the sponges in our stock. There is no question on this point. You can see for yourself and what you can't see we will explain.

**VISITORS FOR FAIR WEEK**—Mr. and Mrs. Charles Kaufman of Prescott will spend fair week with Mr. and Mrs. J. C. Charles.

**THE Y. M. C. A.**—All men are cordially welcome to join at Lamson's Business college today at 3 o'clock. Dr. John W. Thomas will deliver an address on "What Young Men Should Know," and special music will be rendered.

**TRINITY EPISCOPAL CHURCH**—Rev. J. W. Atwood, rector. Services today, twenty-second Sunday after Trinity: Kindergarten and Sunday school at 10 o'clock; morning prayer and sermon at 11 o'clock; evening prayer at 5 o'clock.

**A. M. E. CHURCH**—The regular morning services at Tanner's chapel A. M. E. church will be held this morning beginning at 10:45. Rev. James Washington, pastor. There will also be preaching in the evening. Sunday school will begin at 9:30 a. m.

**HAS SUBSIDED**—In the hurry and bustle of election and the succeeding preparation for the second territorial fair, The Republican has neglected to announce that the Arizona National, the organ of the joint statehood party, suspended publication last Tuesday morning.

**LOST LETTERS AND MONEY**—A. L. Henshaw lost a couple of letters somewhere in Phoenix, one of them enclosing fifteen dollars in cash. One of the letters was addressed to himself. He opened it, saw the money and put it back in the envelope and placed it in his pocket, together with a letter addressed to his daughter, Mrs. Bowen. When he next looked for the letters they were gone. If anybody has found them and cares to do the right thing, he may leave them for Mr. Henshaw at the office of the Arizona Abstract company.

**NEW CORPORATIONS**—Articles of the following corporations were filed in the office of the county recorder yesterday: The Lucky Joe Mining and Leasing company, capital stock \$1,000,000, incorporators N. Snyder, J. O'Leary and Joseph F. Young; The San Bernardino Mining company, capital stock \$1,000,000, incorporators Edwin Askegaard, Samuel Holland and Paul Clark; Pacific Cordage company, capital stock \$100,000, incorporators J. E. O'Keefe, George J. Dunne and E. J. Cravens; Bender Spike and Nail company, capital stock \$150,000, incorporators Cyrus O. French, Jacob S. Behder and Edwin P. Adams; Slocum Copper company, capital stock \$5,000,000, incorporators Lloyd R. Christy, S. J. Michelson, Samuel Webb, W. G. Lentz and Charles J. **RECOMMENDED FOR APPOINTMENT**—At a meeting of the democratic county executive committee yesterday afternoon resolutions were unanimously adopted recommending to the board of supervisors the reappointment of Frank Luke as county assessor. This was rather a formal matter, for Mr. Luke would probably have been reappointed anyway. He has given general satisfaction during his incumbency. The committee also recommended the appointment of Frank H. Lyman as assistant district attorney. That had also been a foregone conclusion.

**REALTY TRANSACTIONS**—Mrs. Annetta Porter has traded her equity in the property occupied by Walter Norris' Pioneer livery stable, on East Adams street, for the residence property at 288 North First avenue, valued at \$3000 and owned by Harry C. Griffin of Seattle. The deal was made through the agency of Greene & Griffin. The same firm reports the consummation of a sale undertaken several months ago, whereby Joseph Wilhelm of Peoria, Ill., sells a six-acre tract east of the city to R. A. Satterwhite, for \$480. The property is described as a subdivision of the east half of the northeast quarter of section 16, township 1 north, range 3 east.

**OHIOANS PLEASED WITH PHOENIX**—Messrs. Thos. H. Sheppard of Granville, O., and Jos. C. Green of Troy, are in the city. Mr. Sheppard spent the winter here two years ago, and despite the tremendous rains of that year, liked it so well here that he has come this time to locate permanently. Mr. Green will spend the winter and perhaps locate permanently also. Mr. Green played third base for three years on the Denison University nine, during two years of which time it was the champion college team of the Buckeye state. Five of the players of the team have since been playing professionally. Mr. Green will be an addition to the number of good players residing in Phoenix.

**THE FIRST AMBULANCE**—C. M. Sturges of the Golden Eagle stables yesterday received and set up the first ambulance ever brought to Phoenix. It was made to the special order of Mr. Sturges by the Studebaker company after he had made a careful inspection of such vehicles in St. Louis and other large cities. There is nothing better in the way of an ambulance made than this one. It has rubber tires and the springs are so adjusted that there can be no jar within. Instead of the usual bedding in a basket for the reception of the sick or injured there are rubber pneumatic cushions which are not only easier but are more readily fumigated. The ambulance has received the approval of physicians. Hitherto they have had to remove their patients in hotel buses.

**RAILROAD REPRESENTATIVES.**—Ross C. Cline, representing the Wash

bag line, and J. W. Monahan, representing the Burlington route, spent yesterday in the city in the interests of their lines. Mr. Cline has just made a tour of the southern part of the territory and says all places he has visited show signs of prosperity. The travel to the coast at this season of the year he says, is phenomenal. The facilities for handling the tourists have been taxed not only on route, but at the point of destination of many of

the tourists. At Los Angeles on many days, it is impossible to get the baggage into the baggage rooms and great piles of it are stacked on the street, in front of the baggage office. A good point too is the fact that the greater part of the trunks are good ones, showing that their owners are persons of substance.

**MORE ROOM FOR STUDENTS**—The attendance has been so large at the Lamson Business college this year that all the desks were occupied more than two weeks ago. As new students have come in it was rather difficult to find places for them. Last week it was decided to rearrange the main study hall and put in enough new desks to accommodate twelve more students. The new desks have arrived and were put into place yesterday. They are designed especially for business colleges.

**CAN'T HELP IT**—Some years ago there might have been some doubt about the future of Phoenix, but since the Tonto dam has become a certainty the last element of doubt has been removed from the minds of reasoning people. This is one of the reasons why the person who invests money in Phoenix real estate now is likely to make a stake. The Monte Vista auction on the 19th of November will give everybody an opportunity.

**SUCCESSFUL SALE CONTINUED**—The one-third off sale which has been going on at the sales rooms of the Arizona Hardware and Vehicle company for several days past, has been such a success that it has been determined by the management to continue it for the week of the fair. Farmers and others who are interested should look up the display ad. of the firm in this issue of The Republican and note the article on which a saving could be made by visiting the store and making a purchase.

**UNION OF CHILD LABOR REFORM FORCES**

The child labor evil is fast reaching a degree of importance when national legislation, or at least national recognition, will become imperative. Laws designed to regulate or restrict the evil have been passed by almost every state legislature, but the indifference or ignorance of officials supposed to enforce the laws renders such legislation practically impotent. The trouble has come from a lack of public interest. The people as a mass have not understood or appreciated the real danger to the nation and to the individual bound to result from the working of mere children for gain. The subject has more in it than sentiment; it almost reaches the dignity of a grave national peril.

For several years an organization known as the National Child Labor committee has been doing good work influencing legislation, and this committee, of which former President Grover Cleveland and Cardinal Gibbons are members, has to its credit the passing of many laws. The national committee has just announced that the Anti Child Slavery League, organized last May by the Woman's Home Companion as a part of its systematic efforts to protect the American home, is now amalgamated with it and this union of forces is bound to result in more efficient work for the cause of child hood.

The principal function of the League was to give widespread publicity to the reform movement, and this particular function will continue to be carried out by the Woman's Home Companion for the National Committee. The magazine will publish each month a department of news, brief articles of a department of news, brief articles of a national interest and reports of reform work in general. The information will be furnished by the National Child Labor Committee.
